Adolf Hitler vs The Jew World Order

~ Eric Dubay ~ They say "**the winner's write history**," it is absolutely true, and the most egregious example in modern times has to be the mainstream (mis)understanding of Adolf Hitler and pre-WWII Germany. Adolf Hitler was actually a vegetarian, animal-lover, an author, an artist, a political activist, economic reformer and nominated for a Nobel Peace prize. He enacted the world's first anti-animal cruelty, anti-pollution, and anti-smoking laws. Unlike the demonic portrait that the "allies" painted of him, Hitler was beloved by his people, he wanted nothing but peace, and never ordered the extermination of a single Jew. The largely Jewish-controlled mainstream media has ever since painted an evil picture of Hitler and the Jew World Order has even enacted laws in 16 European countries prohibiting free-speech on the issues of Judaism, Hitler and the Holocaust.

I have compiled/edited this comprehensive documentary in the hopes of shedding light on one of the darkest secrets in world history.
