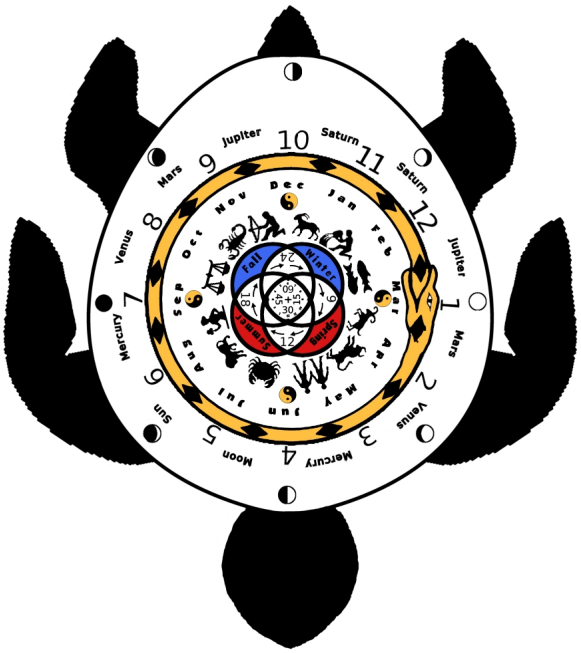
Wizard Of OZ

~The Wizard Of OZ~



Follow Dorothy(**Virgo**), as the twister puts her off bearings and she lands on a witch(**Libra**). Leaving only cup shapes that turn out to be slippers. Following the yellow brick road, she gets back on path. Where she meets the Lion(**Leo**), Scarecrow(**Scarab/Crab**), and the T(w)inman(**Gemini**). She goes on to the land of Oz(x)-(**Taurus**), where she is led to the Wizard(**Aries**). Off to the West to kill the witch on a broom(**Scorpio**). Chased by flying mokeys shooting arrows(**Sagitarius**) she climbs a steep staircase(**Capricorn**) to find a bucket of water (**Aqaurius**). Splash the bucket of death on the witch and off to tap her slippers(**Pisces**) together. No place like home folks, no place like home.
Truth is stranger then fiction
